

I needed bread and
you sent a bomb.

As of April 15, 2006, the U.S. had
spent **\$255 billion** on the war
in Iraq. Instead we could have:

- Built 2.3 million new housing units;
- Sent 34 million children to Head Start for a year;
- Funded global AIDS programs for 25 years;
- Funded global anti-hunger efforts for 10 years;
- Provided basic immunizations for every child in the world for 84 years; or
- Provided health insurance to 153 million children for a year.

Does the U.S. budget reflect God's
call to care for people in need?
